See following for Power Point Training [Power Point Training Presentation](#)

**Step 1** - Determine what cores we can return (Eligibility)

Create NEW Core Owed Report (CRO50)

These 2 boxes need to be checked

X Reman Center = E (for East)

X On Highway

After file generates - Go to Reports - View and Print.

**Step 2** - After printing CORE OWED REPORT

Check off all cores we have ready to be returned - that are on CORE OWED REPORT

**Step 3** - Build CORE RETURN in - (CRO20) - Create a CMCS.....

Follow instructions in power point presentation.

Need to do a test return.....
