BULLETIN NUMBER

ALL COMMERCIAL VEHICLE DEALERS

AUGUST 20, 2003

AIPDN-PTS-CV18-03

TO: DEALER PARTS MANAGER

SUBJECT: GENUINE CORE ACCEPTANCE CRITERIA

The purpose of this bulletin is to reiterate and clarify AIPDN's basic reman core acceptance policy. Aside from specific core criteria as referenced in section #13 of the Dealer Parts Policy and Procedures guide, the **basic** core acceptance policy for eligible cores is referred to as GENUINE OE ISUZU per the following with the genuine part logo and OE part number on the unit label:

ASSEMBLY / CORE	MANUFACTURER	REMANUFACTURER
Turbochargers	 or	Same
Starter Motors	 or	Same
Alternators	 or	Same
Brake Calipers	 or 	
Automatic Transmissions		
Engines		
Water Pumps		
Brake Shoes		

IMPORTANT: Although some cores may look genuine by appearance, if the core does not have the original label as described above and/or has another after market (non OE) tag on the unit, the core WILL NOT be accepted.

Any questions on this policy can be directed to the AIPDN Core Administration Department at 562.229.7224.
